Work Experience:

- **Wipro Technologies** – (04/2019 – 02/2020)

  I worked as a Remote Desktop Engineer for 1 Year, where I provided Remote support to the US, UK, Japan, and India Clients. I handled multiple High priority problems (VIP Clients Incidents) and successfully resolved them. I also got hands-on experience on Windows Server, Active Directory, Exchange Server, Outlook Troubleshooting, and FTP.

- **Sitel India Private Limited** – (03/2020 – 03/2021)

  I worked as an IT System Specialist for one year, where my daily task was to support/ provide the Clients, Employees, and Agents with technical assistance. I used to provide On-Site as well as Remote support in the company. I got hands-on experience in Linux, SCCM Support (Software Center Configuration Manager), and Windows Registry handling.

- **Teleperformance India** – (04/2021 – 08/2021)

  Worked as IT Support L2, where my daily tasks were to handle US clients Remotely and assist them in their IT Issues over Call or by connecting remotely to their system. I provided support to the clients on various platforms like Windows, MAC, Linux, and Android.

- **Coreco Technologies –** (08/2022 – Present) (Internship)

  Working as a Software Engineer on Dev-Ops technology. Currently handling an Attendance Management System (AMS) project which is being developed for a Government office in Nagpur.

- ### Current Activities:
  I am attending Automation testing and Selenium, Advance Java, Advance Selenium, and SQL & Database Testing.

- ### Declaration:
  I, at this moment, declare all the above-given information is accurate.
